

Great News for Members Only!

Better Than Dealer Prices for Tires

The Pennsylvania Towing Association (PTA) has recently negotiated new membership benefit programs. As a membership organization representing a large group of towing facilities throughout the state of Pennsylvania we have entered into an agreement with a major truck tire supplier.

You will now be able to purchase truck tires at less than dealer cost! The product line will include, Michelin, Goodyear, Yokohama, and Cooper Tires. The Michelin and Goodyear program will be provided at National Account Pricing! The Yokohama and Cooper tires will be provided exclusively through our truck tire distributor which has 18 locations throughout Pennsylvania. They also have locations in, NJ, MD, VA, NY, CT, and MA. They have a total of 46 locations. The pricing for the Yokohama and Cooper tires will be largely discounted through this distributor.

The discount you receive on a set of tires for 1 truck could potentially save you the cost of the PTA membership fee.

Free Legal Advice in Person or On the Telephone

We now have a membership benefit offering FREE legal advice limited to one hour for legal issues. The legal advice will be offered by a reputable attorney that has many years of experience in our industry.

To participate in these member exclusive deals please contact Dan Spies, Executive Director for the PTA at executivedirector@patowing.com or call 814-548-6023. We look forward to bringing you more member discounts in the future.

Dan Spies
