

Great News!

11/30/2018

The Pennsylvania Towing Association (PTA) and Pennsylvania Department of Transportation (PennDOT) Administrators met to discuss the paperwork issues surrounding the disposal of abandoned vehicles. The PennDOT Administration has taken steps to immediately resolve these issues. They are committed to processing all Pennsylvania claims within ten-days and processing all out of state claims within twenty-days. Additionally, they have set up a direct email address to contact the department. The email address for salvors to use regarding abandoned vehicle applications is RA-PDSALVOR@pa.gov. They will also be providing a direct telephone line to the department in the near future. As soon as the telephone number is enabled, we will provide the information.

Make sure all your paperwork is submitted properly on the right forms. Make sure all paperwork is legible, take the time to include all pertinent information. We would suggest that you maintain a log for all the information submitted to the department for your records.

Through mutual respect and understanding the PTA and PennDOT Administration are committed to continuing their open lines of communication to expedite this issue and any future issue in a mutually beneficial manner.
